

PR25 Mounting Press

Quality Sample Mounts

The semi-automatic LECO PR25 Mounting Press is designed for laboratories with low-to-medium sample throughput requirements. The semi-automatic features of this single-mount press require less hands-on time, freeing the technician to perform other tasks during the cycle. The PR25 maintains optimum pressure during the heating cycle to create a cured mount. The PR25 also incorporates an air gun for easy debris removal and clean-up.

- Semi-automatic operation
- Single mold mounting press, designed to mount samples from 1.0 to 1.5 inches (approximately 25 to 38 mm) in diameter

Specifications

Available Mold Sizes	1.00, 1.25, 1.50 in.
Power Requirements	115 V~, 60 Hz; single phase
Maximum Current Draw	10.5 amps @ 115 V~
Other Utilities Required	oil-less air at 85 psi (5.86 bars), continuously flowing water & drain
Dimensions	28.5 in. H x 14 in. W x 19.515 in. D (72.4 x 35.6 x 49.5 cm) <i>H to top of mold enclosure handle; D front of knobs to back of fittings</i>

Part Numbers

PR-25/814-200 Series

115 V~ PR-25 with 1.00, 1.25, 1.50 in. molds	814-200-100, 814-200-125, 814-200-150
Spare mold assemblies including heater/cooler	807-922-100G, 807-927-125G, 807-927-150G
